

THE HONEST TOUN NURSERY

Welcome to the Honest Toun Nursery

Our Nursery

The Honest Toun Nursery is conveniently situated in the Stoneybank area of Musselburgh. With excellent links to the A1 city bypass and the Musselburgh train station we are ideally placed for commuters. Our nursery is also close to Queen Margaret University, making it an excellent option for students and staff seeking childcare services. Housed in a former retail unit, our nursery is beautifully designed and finished to an exceptionally high standard creating a warm and homely atmosphere.

Our nursery has spacious, bright areas dedicated to each stage of development from 3 months to 5 years of age. We provide childcare from 8am - 6pm, and are open all year round except for Christmas and New Year. Our nursery is easily accessible for disabled people and we have our own large car park, providing easy drop off and collection for you and your family.

Our Childcare Approach

Our nursery provides stimulating and inspiring childcare aiming to encourage the development of children through play, interaction, creativity and physical activity in a warm and nurturing environment.

We are passionate about quality Early Years Care and Education and recognise the importance of each child's self-development. We believe that children learn through play, example, interaction and teaching. These four concepts form the core of our ethos and we strive to expand your child's development through these methods.

We aim to help every child in every aspect of their growth and we achieve this through praise, guidance and encouragement. Children are encouraged to develop manners, learn to be kind, share, and respect others, as well as being stimulated creatively and mentally through our child led activities. Our child led activities allow our children to flourish into independent and confident individuals. Above all, we strive to provide a secure and friendly environment which will make you completely relaxed and at ease when leaving your child.

Our Aims & Objectives

To provide a safe and stimulating atmosphere that encourages each child's development.

To develop every child's healthy self-image through play, guidance, support and encouragement.

To encourage children to develop respect, learn to share, learn to be kind to others and develop good manners.

To encourage children's interest in learning through promoting their desire to learn and experiment in an active learning environment.

To work in partnership with parents and carers. To update parents regularly with information about their child's development and the nursery, through newsletters, parents evenings, focus groups and development records.

To constantly train our staff through our in-house training company, BNG Training, and through local authority courses, aiming to increase and extend the skills and knowledge our staff currently possess.

To continue to liaise with local schools and members of the local community, allowing us to share good practice.

To continue to monitor, self-evaluate and improve our service to ensure our children and parents are getting the highest quality standard of care.

Starting at nursery

We provide complimentary settling in sessions which give you and your child time to get familiar with our nursery. Once your child starts with us, they will be assigned a designated key worker. Your child's key worker will be responsible for monitoring your child's development and will be your first point of contact at nursery. Your child's key worker will always be available to discuss your child's progress.

Settling in Sessions

Your child will be settled into our nursery gradually; firstly spending one hour, building up to a half-day session and then staying for lunch. This phasing in allows your child to become familiar with our nursery surroundings and staff. These settling in sessions usually last a week, but this is dependent on each individual child. We understand that every child is different and our aim is to make these sessions as flexible and comforting as possible to guarantee that both you and your child are well adjusted to our surroundings. Parent visits are encouraged, so please feel free to do drop in any time to see how your child is doing, even if they are no longer in their settling in phase.

“Excellent start to my daughter’s childcare as a baby, she bonded very well with the staff and I fully trusted them with her once going back to work after maternity leave. They cared and made her feel very at home, she really thrived there as she grew with lots of learning and activities, plus she made great friendships along the way.”
